A. Overview

1. Introduction

Market Value Based Assessment Legislation in Saskatchewan

1.0 Purpose

Desired Outcomes

1.1 Principles of Property Assessment and Taxation

What is Property Assessment and Taxation?

Relationship between Property Assessment and Tax

Who Prepares Property Assessments in Saskatchewan?

Sources of Information on Assessment in Saskatchewan

1.2 Valuation Process

Property Assessment Valuation Standards

1.3 Market Valuation Standard

Difference between Mass Appraisal and Single Property Appraisal

Difference between the Market Value Based Assessment and the Sale Price

Key Characteristics of Market Value

Highest and Best Use

Three Approaches to Value

Sales Comparison Approach (Value in Exchange)

Cost Approach

Income Approach

1.4 Regulated Property Assessment Valuation Standard

Agricultural Land

Railway Roadway

Resource Production Equipment

Heavy Industrial Property

Pipelines

1.5 Subject Index

2. Valuation Parameters Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

What are valuation parameters?

Why are valuation parameters important?

What are the variables or factors in a valuation process?

What are the valuation parameters in a valuation process?

1.1 Scope of Valuation Guide

- 2.0 Outline of Valuation Parameter Process**
 - 2.1 Identify Valuation Parameters**
 - 2.2 Collect the Appropriate Data**
 - Data Collection Guidelines*
 - Sources of Information*
 - Existing Assessment Records*
 - Owner of a Property*
 - Property Inspection*
 - Supporting Information*
 - 2.3 Analyse the Data**
 - Property Classification Guidelines*
 - 2.4 Apply Valuation Parameters Example**
 - Step 1: Identify the Variables and Valuation Parameters*
 - Step 2: Collect the Data*
 - Step 3: Analyse the Data*
 - 2.5 Statistically Testing Market Value Based Assessments**
- 3.0 Determining Market Rents**
 - Determining Market Rents as of the Base Date*
- 4.0 Establishing Capitalization Rates**
 - 4.1 Critical Concepts**
 - Capitalization Rates*
 - Capitalization Rate Theory*
 - 4.2 Methods of Analysis for Deriving Capitalization Rates**
 - Property and Financial Information Examples*
 - Analysis of Information*
 - Conclusion*
- 5.0 Appendices**
 - A. Summary of Valuation Parameters Examples*
- 6.0 Subject Index**

3. Depreciation Analysis Guide

Market Value Based Assessment Legislation in Saskatchewan

- 1.0 Overview**
 - 1.1 The Cost Approach Procedure**
 - 1.2 Reproduction versus Replacement Costs**
 - Reproduction Cost*
 - Replacement Cost*
 - 1.3 Consolidating and Applying Depreciation**
- 2.0 Forms of Depreciation**
 - 2.1 Physical Deterioration**
 - 2.2 Obsolescence**
 - Functional Obsolescence*
 - External Obsolescence*
- 3.0 Identifying Depreciation**
 - 3.1 Recognizing Depreciation**
 - Information Gathering*
 - Determination of Effective Age*

- 3.2 **Obsolescence Investigation**
 - Factors that Produce Functional Obsolescence*
 - Factors that Produce External Obsolescence*
- 4.0 **Quantifying Depreciation**
 - 4.1 **Overview**
 - 4.2 **Methods of Estimating Depreciation**
 - 1) *Observed Condition (Breakdown) Method*
 - 2) *Age-Life Method*
 - 3) *Sales Comparison (Extraction) Method*
 - 4.3 **Conclusions of Value SK Manufacturing – Market Sales Depreciation Schedule**
- 5.0 **Quantifying Functional Obsolescence**
 - 5.1 **Methods of Quantifying Functional Obsolescence**
 - 1) *Elemental Baseline Method*
 - 2) *Replacement Model Approach*
 - 3) *Excess Operating Costs*
- 6.0 **External Obsolescence Issues**
 - 6.1 **Overview**
 - 6.2 **Methods of Quantifying External Obsolescence**
 - 1) *Capitalization of Income Loss*
 - 2) *Market Data Analysis*
- 7.0 **Double Depreciation**
 - 7.1 **Physical Quantities and Condition**
 - 7.2 **Order of Deduction**
 - Order of Deduction Examples*
- 8.0 **Subject Index**

B. Valuation Guides: Residential

4. Multi-Residential Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

- 1.0 **Introduction**
 - 1.1 *Scope of Valuation Guide*
- 2.0 **Analysis of Valuation Approaches**
 - 2.1 *Approaches to Value*
 - 2.2 *Recommendation*
 - 2.3 *Application of the Income Approach to Value*
 - 2.4 *Practical Valuation Process*
- 3.0 **Multi-Residential Valuation Process**
 - Overview of the Procedure*
 - 3.1 *Collect Appropriate Data*
 - 3.2 *Classify the Multi-Residential Buildings*
 - 3.3 *Determine Market Rents and Valuation Parameters*
 - 3.4 *Select Valuation Process*
 - 3.5 *Add / Deduct Other Values*
 - 3.6 *Market Value Based Assessment of Property*
- 4.0 **Validation of Results**
- 5.0 **Multi-Residential Building Valuation Example**
- 6.0 **Appendices**
- 7.0 **Subject Index**

5. Manufactured Home Communities Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Manufactured Home Communities Covered in this Valuation Guide
- 1.2 Scope of Valuation Guide

2.0 Analysis of Valuation Approaches

- 2.1 Approaches to Value
- 2.2 Recommendation
- 2.3 Application of the Income Approach to Value
- 2.4 Practical Valuation Process

3.0 Manufactured Home Communities Valuation Process

- Overview of the Procedure
- 3.1 Collecting Appropriate Data
- 3.2 Classify Properties into Homogeneous Groups
- 3.3 Establish Market Rents and Valuation Parameters
- 3.4 Apply Method to Derive Value
- 3.5 Add / Deduct Other Values
- 3.6 Market Value Based Assessment of Property

4.0 Validation of Results

5.0 Manufactured Home Community Valuation Example

6.0 Subject Index

C. Valuation Guides: Commercial

6. Warehouse Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Warehouses Covered in this Valuation Guide
- 1.2 Scope of Valuation Guide

2.0 Analysis of Valuation Approaches

- 2.1 Approaches to Value
- 2.2 Recommendation
- 2.3 Practical Valuation Process

3.0 Warehouse Valuation Process

- 3.1 Overview of the Procedure
- 3.2 Collecting the Appropriate Data
- 3.3 Classifying the Warehouse

4.0 Income Approach to Value

- 4.1 Application of the Income Approach
- 4.2 Income Approach Analysis
- 4.3 Steps in the Income Approach
- 4.4 Add / Deduct Other Values
- 4.5 Market Value Based Assessment of Property using the Income Approach

5.0 Sales Comparison Approach to Value

- 5.1 Application of the Sales Comparison Approach

6.0 Cost Approach to Value

- 6.1 Application of the Cost Approach

- 6.2 Overview of the Procedure
- 6.3 Establishing Land Values
- 6.4 Estimating Replacement Cost New
- 6.5 Deduct Depreciation and Obsolescence
- 6.6 Add / Deduct Other Values
- 6.7 Market Value Based Assessment of Property using the Cost Approach

7.0 Validation of Results

8.0 Warehouse Valuation Example

9.0 Appendices

10.0 Subject Index

7. Strip Commercial Properties Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Nature of Strip Commercial Properties
- 1.2 Strip Commercial Properties Covered in this Valuation Guide
- 1.3 Scope of Valuation Guide

2.0 Analysis of Strip Commercial Properties

- 2.1 Property Types
- 2.2 Approaches to Value
- 2.3 Recommendation
- 2.4 Application of the Income Approach to Value
- 2.5 Practical Valuation Process

3.0 Strip Commercial Properties Valuation Process

- Overview of the Procedure
- 3.1 Collect Appropriate Data
- 3.2 Classify Properties into Homogeneous Groups
- 3.3 Establish Market Rents and Valuation Parameters
- 3.4 Select Valuation Process
- 3.5 Apply Method to Derive Value
- 3.6 Add / Deduct Other Values
- 3.7 Market Value Based Assessment of Property

4.0 Validation of Results

5.0 Strip Commercial Properties Valuation Example

6.0 Subject Index

8. Office Building Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Office Buildings Covered in this Valuation Guide
- 1.2 Scope of Valuation Guide

2.0 Analysis of Valuation Approaches

- 2.1 Approaches to Value
- 2.2 Recommendation
- 2.3 Application of the Income Approach
- 2.4 Practical Valuation Process

3.0 Office Buildings Valuation Process

- 3.1 Overview of the Procedure
- 3.2 Collecting the Appropriate Data
- 3.3 Analyse the Data, Establish Class of Office and Valuation Parameters
- 3.4 Determine Potential Gross Income (PGI)
- 3.5 Determine Effective Gross Income (EGI)
- 3.6 Establish Net Operating Income (NOI)
- 3.7 Capitalize the Net Operating Income into Value
- 3.8 Add / Deduct Other Values
- 3.9 Market Value Based Assessment of Property

4.0 Validation of Results

5.0 Office Building Valuation Example

6.0 Appendices

7.0 Subject Index

9. Shopping Centre Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Shopping Centres Covered in this Valuation Guide
- 1.2 Scope of Valuation Guide

2.0 Analysis of Valuation Approaches

- 2.1 Approaches to Value
- 2.2 Recommendation
- 2.3 Application of the Income Approach
- 2.4 Practical Valuation Process

3.0 Shopping Centre Valuation Process

- 3.1 Overview of the Procedure
- 3.2 Collect the Appropriate Data
- 3.3 Analyse the Data, Establish Type of Shopping Centre and Valuation Parameters
- 3.4 Determine Potential Gross Income (PGI)
- 3.5 Determine Effective Gross Income (EGI)
- 3.6 Establish Net Operating Income (NOI)
- 3.7 Capitalize the Net Operating Income into Value
- 3.8 Add / Deduct Other Values
- 3.9 Market Value Based Assessment of Property

4.0 Validation of Results

5.0 Shopping Centre Valuation Example

6.0 Appendices

7.0 Subject Index

10. Gas Station Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Gas Stations Covered in this Valuation Guide
- 1.2 Scope of Valuation Guide

2.0 Analysis of Valuation Approaches

- 2.1 Approaches to Value
- 2.2 Recommendation

- 2.3 Application of the Cost Approach
- 2.4 Practical Valuation Process
- 3.0 Gas Station Valuation Process**
 - Overview of the Procedure
 - 3.1 Collecting the Appropriate Data
 - 3.2 Establishing Land Values
 - 3.3 Classifying Gas Station Improvements
 - 3.4 Estimating Replacement Cost New (RCN) of Improvements
 - 3.5 Deduct Depreciation and Obsolescence
 - 3.6 Add / Deduct Other Values
 - 3.7 Market Value Based Assessment of Property
- 4.0 Validation of Results**
- 5.0 Gas Station Valuation Example**
- 6.0 Subject Index**

11. Hotel/Motel Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

- 1.0 Introduction**
 - 1.1 Hotels Covered in this Valuation Guide
 - 1.2 Scope of Valuation Guide
- 2.0 Analysis of Valuation Approaches**
 - 2.1 Approaches to Value
 - 2.2 Recommendation
 - 2.3 Application of the Income Approach
 - 2.4 Using the Income Approach to Value Hotels
 - 2.5 Practical Valuation Process
- 3.0 Hotel Valuation Process**
 - 3.1 Overview of the Procedure
 - 3.2 Collect the Appropriate Data
 - 3.3 Analyse Data, Establish Class of Hotel and Valuation Parameters
 - 3.4 Classify Hotel
 - 3.5 Revenue and Expense Data
 - 3.6 Compare Income and Expense Ratios to Valuation Parameters
 - 3.7 Deduct Expenses from Revenues to Arrive at Net Income
 - 3.8 Deduct Income Attributable to Management and Business Interests
 - 3.9 Deduct Income Attributable to FF&E
 - 3.10 Establish Capitalization Rate and Effective Tax Rate
 - 3.11 Add / Deduct Other Values
 - 3.12 Valuation of Gallonage Hotels
 - 3.13 Market Value Based Assessment of Property
- 4.0 Validation of Results**
- 5.0 Hotel Valuation Example**
- 6.0 Appendices**
- 7.0 Subject Index**

12. Golf Course Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Golf Courses Covered in this Valuation Guide
- 1.2 Scope of Valuation Guide

2.0 Analysis of Valuation Approaches

- 2.1 Basis for Valuation
- 2.2 Approaches to Value
- 2.3 Recommendation
- 2.4 Practical Valuation Process

3.0 Golf Course Valuation Process

- 3.1 Overview of the Procedure
- 3.2 Collect the Appropriate Data
- 3.3 Classify the Golf Course
- 3.4 Analyse the Data and Select the Valuation Process

4.0 Cost Approach to Value

- 4.1 Application of the Cost Approach
- 4.2 Cost Approach – Overview of the Procedure
- 4.3 Establishing Land Values
- 4.4 Estimating Replacement Cost New
- 4.5 Deduct Depreciation and Obsolescence
- 4.6 Add / Deduct Other Values
- 4.7 Market Value Based Assessment of Property using the Cost Approach

5.0 Income Approach to Value

- 5.1 Application of the Income Approach
- 5.2 Income Approach – Overview of the Procedure
- 5.3 Capitalize the Net Effective Income into Value
- 5.4 Add / Deduct Other Values
- 5.5 Market Value Based Assessment of Property using the Income Approach

6.0 Validation of Results

7.0 Golf Course Valuation Analysis Example

8.0 Appendices

9.0 Subject Index

D. Valuation Guides: Special Purpose

13. Special Purpose Properties Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

- 1.1 Special Purpose Properties Covered in this Valuation Guide
- 1.2 Special Purpose Properties in the Context of Saskatchewan Assessment Legislation
- 1.3 Determining the Correct Valuation Standard
- 1.4 Scope of Valuation Guide

2.0 Analysis of Valuation Approaches

- 2.1 Approaches to Value
- 2.2 Recommendation
- 2.3 Application of the Cost Approach

3.0 Special Purpose Properties Valuation Process

3.1 Overview of the Procedure

4.0 Subject Index

14. Grain Elevator Valuation Guide

Market Value Based Assessment Legislation in Saskatchewan

1.0 Introduction

1.1 Elevators Covered in this Valuation Guide

1.2 Scope of Valuation Guide

1.3 Background

2.0 Analysis of Valuation Approaches

2.1 Approaches to Value

2.2 Recommendation

3.0 Elevator Valuation Process

Overview of the Procedure

3.1 Collect Appropriate Data

3.2 Estimate Land Value

3.3 Classify the Elevator by Type

3.4 Estimate Replacement Cost New (RCN)

3.5 Physical Depreciation Deducted from RCN

3.6 Obsolescence Deducted from Replacement Cost New Less Depreciation (RCNLD)

3.7 Add / Deduct Other Values

3.8 Market Value Based Assessment of Property

4.0 Validation of Results

5.0 Elevator Valuation Example

6.0 Subject Index

E. Appendices

Appendix 1: Data Collection Forms Examples

1.0 Income / Expense Form Examples

1.1 Commercial Information

1.2 Multi-Residential Information

1.3 Hotel / Motel Information

2.0 Sale Verification Form Example

Appendix 2: Resources
